**MICKIE SAYS**  
 THEY MAY BE SOME PLACE WHERE THEY DO BETTER JOB PRINTING THAN WHAT WE DO IN THIS OFFICE, BUT I CAN'T FIND IT ON THIS MAP!  
 THE UNITED STATES OF AMERICA  
 CHARLES SHIMMER

The Memphis Commercial Appeal speaks of "Judas" K. Shields. If the C.-A. means Senator John K. Shields, who is the Christ he is supposed to have betrayed? To our mind Senator John K. Shields is a loyal American, loyal alike to his Country, its constitution, its principles and its future—a man who swore to stand by the Constitution of the United States. The comparison to Judas is unwise, for there is no comparison between the two men. Senator Shields has not yet gone out and hung himself, and we have not yet heard of any thirty pieces of silver being used to purchase a potter's field near Knoxville.

If the total expenditures of surveying gangs for railroads who have staked this section for the past thirty years with mythical routes traversing Little Sequachee Cove and tributaries, were collected in a lump sum, it is our opinion there would be enough money to build one first-class railroad anyway. There have been so many railroads surveyed through that section that new routes henceforth will have to overlap.

What bothers us is where the Chattanooga News make-up man gets his "inspiration" in making up the Billy Sunday sermons. Judging from their fixed-up condition something must derange him.

Sequachee growth for 1919 is marked by the ruin of the mountain road lumber hauling and the tearing down of the big hotel. Hope 1920 will not bring similar growth.

Wonder what coal miners wages would be if it were not for the strenuous kicking of the miners unions?

## PLEASANTLY SITUATED AT WHITESIDE

Whiteside, Tenn., Dec. 9, 1919.

Dear Editor:  
 As I have so many friends to whom I should like to write a few lines and do not find time to write to all, I am asking for a little space in your paper.

It took considerable time to get settled down for business here as there was another family in the parsonage, but we feel that we have arrived at home now and hope to see our old friends and acquaintances coming in to see us. I have made my first round and am on the second, I spend this week and part of next conducting Missionary Institute over the charge. The people seem to enjoy the services very much. In connection with these meetings we are raising our benevolent collections. We hope to have the entire amount covered by subscription by our first Quarterly Conference, Dec. 20, 21. The people are all responding nobly. We have had one revival at Whiteside and expect to have another at Hale's Chapel soon.

The board of stewards met last Tuesday and fixed the pastor's salary, which was very satisfactory.

There are some fine people at Whiteside and, I should say, over the entire work, but fine people do not always have modern conveniences. We miss the printing office, the service cars, and the old gray mule. There are only two chances of going here—is walk or catch a train. My first trip over the mountain and thru the gulfs was quite an experience. I missed the way and landed on top of Murphy mountain, but there I got the direction again, took the woods and landed at Morgantown, Ga., about dark, but please do not ask me how much supper I ate. The next morning, Sunday, I was surprised to see Carlos Coppinger, as I had not learned that he was living in that community.

As it is mail time I close for this time, but hope to hear from many of the readers soon.

E. R. LEWIS.

### To Son in Germany.

Pvt. Benton M. Quarles, son of George Quarles, Route 1, Jasper, is in Germany, being with Troop A F. I. G., at Coblenz. He has ordered the News sent to him three months as a weekly reminder of his valley home.

There are several attractive Christmas advertisements in the News this week which are worthy of your attention.

**Catarhal Deafness Cannot Be Cured**  
 by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c. F. J. CHENEY & CO., Toledo, O.
